

Events will take place Wednesdays from noon-1:15
LUNCH PROVIDED!

WiMSE Spring 2017 Schedule

Date	Topic/Title	Location	Description
8-Feb	Making the Most of Your Summer	Classroom Building 215	<i>How can you use your summer as a research opportunity? What do you know about internship opportunities and REUs? Learn from students who have participated in such programs as well as the programs who sponsor them so you can start planning for summer of 2017!</i>
February's Special Event: Watch for a WiMSE coffee hour!			
22-Feb	What would YOU do? An Ethical Dilemma	Classroom Building 215	<i>After a discussion about common ethical questions that come up on a college campus, students will participate in a 'mock trial' where they act as the members of the Academic Appeals Board of the University of Wyoming, in which they are charged with rendering their own decision on an ethics case!</i>
22-Mar	The Bearded Lady Project	Classroom Building 215	<i>"The Bearded Lady Project" is a documentary film and photographic project celebrating the work of female paleontologists and highlighting the challenges and obstacles they face. Come enjoy the film followed by a Q&A with Dr. Ellen Currano, one of the project's founders.</i>
March's Special Event: Volunteer at the 2017 Wyoming State Science Fair!			
5-Apr	Inspired: Strong Women in STEM	Classroom Building 215	<i>Come be inspired and empowered by strong women in STEM from both within and outside of the University community. Ask your questions and learn how you can continue your journey to be a strong woman in STEM.</i>
April's Special Event: Watch for information about Own It! Honoring the research of Women in STEM!			

Sponsored by: Women's Center, WY NASA Space Grant, McNair Scholars Program, EPSCoR, INBRE, Engineering, and SEO
